COSMIC JIMMY'S BACKSTORY

Cosmic Jimmy landed at Second Story in mid 2013. The coolest cosmic being in cat form, he soon became our infamous mascot, known for crashing parties and taking centre stage at all the raddest events around town.

Jimmy was a huge fan of theatre, workshops and stationary warm laps.

Loved dearly by the Second Story community until he blasted off on another galactic adventure in 2018. Cosmic Jimmy's bar immortalises this feline fabuloso, serving up drinks that only the cool cat himself would have approved of.

Where possible, beverage options are locally sourced, organic, and vegan friendly. This is important to Jimmy and us, as we believe that our purchasing decisions shape our reality and planet; we desire harmony and all the purrs.

We continually strive to improve our standards and quality of beverages supplied, to achieve best possible beverage and event experiences.

Additional requests or changes can be made to alter each beverage package to reflect specific event needs and requirements. If you have specific beverage requirements, please let us know and we will happily prepare a purrfect custom beverage package/menu for you.

SERVICE OPTIONS

Beverage Packages | Per person hourly service
