OUR STORY

Boulevard Events is a second-generation family business. It started as a restaurant in 1988, founded by Madeline Crouch and Steven Maher. We gradually switched to event catering, moving to our beloved Hackney HQ in 2000, where we've been ever since. Dan (on the right) took over the business from his parents 20 years ago, and he now manages our growing, happy and passionate team.

THE FOOD

One thing that will always be consistent in all our menus, is taste. Exceptional food made from locally sourced ingredients, is a formula that has brought smiles to our clients' faces since the story began in 1988.

Sustainably catering with a conscience has, and always will be, so important to us. For over 35 years, innovation, community and connection have been at the heart of everything we do. It's reflected in the suppliers we source from, the ingredients in our menus, and the approach from our team, feeding into every part of how we work.

OUR ETHOS

At Boulevard, sustainability is never a side dish - it's integral to everything we do. From local sourcing to zero waste, our mission is to create events that nourish people and planet alike.

WASTE, PACKAGING & CIRCULARITY

- Zero-to-landfill by 2027, Net Zero by 2030 - supported by sustainability expert Adam Neale and ISLA membership.
- No single-use plastic for servicewear.
- Vegware-only disposables, fully compostable and processed via Hackney Council to enrich local green spaces.
- Repurposed food, real impact e.g. pastries turned into puddings, meals for local food banks - all hand-delivered by our team to Excel Beyond Barriers and other community groups.
- Client waste prevention: We advise on quantities, redistribute surplus with Plan Zheroes & Streets Kitchen, and compost the rest.
- Sloppy Seconds: Our creative zero-waste initiative - reimagining leftovers into client gifts like marmalade and jam-filled doughnuts.

OUR ETHOS

INGREDIENTS & SOURCING

- Season-led menus: We build dishes around what's naturally available - fresh, flavourful and low in food miles.
- 90% of our suppliers are within 10 miles, many of whom have grown with us for over 30 years.
- Organic and regenerative sourcing goals, prioritising minimal packaging, rewilding initiatives and low-carbon transport.
- Sustainable fish, Fairtrade certified, working towards ISO 14001, Sustainable Restaurant Association rating and B Corp certification.
- Angry Monk partnership: We rescue surplus produce that would otherwise go to landfill - saving up to 3kg CO₂e per kg used.

COMMUNITY & SOCIAL IMPACT

- London Living Wage employer, committed to equity, wellbeing and long-term careers.
- Magic Breakfast: Just 34p feeds a child. We encourage you to donate 34p per guest - and whatever you donate we match it. That means two children fed for every guest at your event.
- Refugee Community Kitchen: Our newest partnership includes team volunteer days and bespoke menus that directly fund their work.

We believe food should do good - for your guests, our community and the future.

LATE NIGHT SNACKS

EVENING BITES

Designed to be comfort food, our late-night hot grazing menu offers a substantial snack for your guests.

HOT ITEMS PASSED AROUND

Our best recommendation: comfort food taken directly to the dancing guests. The waiters would pass trays with easy-to-grab hot items around the dancefloor for a hearty late night snack. Our favourite options include:

- Mini cones of fish and chips with tartar sauce
- Pulled pork buns
- Welsh Rarebit - *v*
- Mini pizzas - *v*
- Salted beef bagels

GRAZING STATION

For a more substantial spread you could combine with our cold grazing station, to create a finger buffet with a selection of cheeses and classic British snacks such as pies and cold meats served with a selection of fresh breads.

FOOD STATIONS

If you're looking for something more substantial, why not choose a menu from our food stations, and we could have some items circulating on trays too, to take the menu straight to your guests.
