THANK YOU FOR CONSIDERING KERB

Since we started in King's Cross in 2012, KERB has grown from a small rabble of slingers to a 90-strong membership organisation of London's most talented and innovative street cooks, many of whom now come through our #inKERBator programme. We operate a handful of markets across London, put on large-scale public parties and connect big companies with flavour-packing independent traders, straight from the streets.

When we cater for events, we don't just bring food trucks; we bring a collection of specialists, each with years of expertise in their chosen cuisine. We may look colourful and fun, but behind the scenes, KERB's experienced team delivers a full service to match any of London's leading caterers. We've got the passion, the professionalism and all of that flavour!

Below, you'll find initial costs for KERB to provide street food catering for your event.

Let's make your event taste better!
