Wherever possible we use quality and independently sourced British suppliers to ensure the best possible ingredients. We produce as much as possible in-house, for example our team of chefs includes an on-site baker to help us create the sweet treats on the menus and ensures we can offer a product that is of the highest standard.

Sustainability is high on our agenda and we reduce food miles as much as we can. You'll see a number of chef's choice or chef's suggested selections throughout the menus, these offer great value for you and allow us to embrace seasonality and reduce food waste.

Unless stated otherwise, all of our menus are designed for a minimum of 10 people, please speak to the team if your numbers are fewer than this. All main catering must be ordered for the full numbers of your event.

V - vegetarian

GF - gluten free

VE - vegan

O - organic (wines only)

Our menus cater for most dietary requirements, please note that Halal catering does incur an additional charge.

Green & Fortune is committed to paying beyond the London Living Wage for all employees.

Our hourly rates are higher than the minimum wage, the London Living Wage and also the average rates paid by many companies in the hospitality sector. A fair reward for the hard work and long hours that they put in to ensure our hospitality service exceeds our customers' expectations. This is a part of our strategy to ensure we both recruit and retain great talent.

Staffing charge on food and beverage orders for events.

In acknowledgement of the immense challenges within the hospitality industry, we add a 10% staffing charge on all food and drink elements of your event. This charge, as well as allowing us to continue paying beyond London Living Wage also enables us to provide support for our team when they need it most.

Specific Initiatives it helps to fund include 'Green & Fortune Supports', our employee assistance programme. The scheme was initially launched during the pandemic to offer help to those hardest hit, and included mentorship, training, complimentary meals and financial support if needed. Since then, it has developed to support our people through the cost-of-living crisis with one-off payments, at a cost to the business in excess of £100,000. These payments were made based on salary, with hourly employees and those earning the least benefitting the most.

In addition to this, it also enables long service rewards, and enhanced training through channels such as our Talent Seed development programme. If you have any questions regarding this charge, please do speak to the team who will be happy to help.
