Our commitments to people, place and planet

What we do...

We are committed to providing great food, drink, and service that has a meaningful and lasting impact on the people and places we work with and for – all the while safeguarding the planet for future generations.

Our focus as a business is bringing handcrafted food and drink to the table each and every day while simultaneously supporting the communities we work with. Employment opportunities for local people, sourcing from our hand-picked larder of artisan suppliers, and an absolute focus on minimising the impact of our operations on the planet are key objectives of every partnership.

Our commitment is clear throughout this menu brochure: we are proud to exclusively offer the very best in British meat and cheeses. None of our fresh produce is transported by air freight, and the fish we purchase and serve will be rated MCS 1, 2, or 3. As a wider business, we aim to be net zero by 2040.

London larder

We've built an incredible London larder of boutique suppliers who share our belief in craft and the importance of quality and provenance. We'll be calling on some of our brilliant local partners to help create something amazing for your next event!

It also supports farmers and cooperatives in Peru and Brazil via the Union Direct Trade sourcing initiative, ensuring that a fair price is paid for this special coffee so that the communities at both ends of the supply chain benefit.
