

Banqueting & Reception Menu.

Spring/Summer 2026

In Partnership with Wilson Vale Catering

wilson vale

Great food starts with great ingredients. We buy fresh food and create our dishes from scratch with skilled chefs. We're all about quality ingredients, seasonality and the importance of local supplier produce.

Our chefs take great pride in making dishes from fresh ingredients, whether that's freshly baked bread, chocolate fudge cake or slow-roasted joints of meat.

Provenance & Sustainability

We source from local, independent suppliers. From meat, fish, dairy and fresh baked goods, we champion small businesses within the area, whilst keeping a close eye on our carbon footprint. High welfare meat and fish are sourced from reputable suppliers, with an ethical supply chain. We also ensure that vegetarian and plant-based options are a key part of all our menus.

Allergy Confidence

We take great care to highlight allergens in our menus.

Please be aware that some of our food may contain allergens, for further clarification on food allergens and the dishes on our menu please contact your dedicated events coordinator.
