

INDICATIVE DRAWING – FOR DESIGN INTENT ONLY

This drawing is based on existing record information and is provided for indicative design purposes. While the dimensions are believed to be generally accurate, they should not be relied upon as fully verified. A detailed site survey must be carried out by the contractor or client to confirm all dimensions, layouts, and clearances prior to any works. The landlord accepts no responsibility for issues related to build fitment, access, or construction arising from use of this drawing without site verification.
