

Private Dining Delegate Set Menu

October 2025 – March 2026

Included in your package is a set three course menu, including coffee and petit fours.

You may wish to explore additional courses or special items to elevate your guests' experience further – these have been highlighted separately.

As the host of the event, we invite you to select one starter, one main course and one dessert on behalf of the entire party.

We will be delighted to discuss variations or alternative options to your chosen dishes for any of your guests with specific dietary requirements.

Our thoughts on food consumption

Food consumption is responsible for at least 25% of global greenhouse gas emissions. Eating low carbon food is therefore one of the best ways to reduce your carbon footprint.

We have estimated the carbon emissions of our menu so that you are able to make informed choices on behalf of your delegates.

Our commitment to Allergens

Allergen information by dish is available on request. Whilst we have kitchen protocols in place to address the risk of cross-contamination of allergens, and our chefs will take extra time to ensure additional precautions are taken, we cannot guarantee their total absence in our dishes.

We may be able to adapt some of our dishes to meet your dietary requirements, the following key is used to highlight the relevant dishes.

(V) vegetarian

(PB) plant-based

(GF) made using gluten-free ingredients

*can be adapted to be plant based

Amuse-bouche
