OUR FOOD PHILOSOPHY

Great food is at the centre of every memorable event. At the ICC, we create menus that balance creativity, responsibility and exceptional flavour. Every dish begins with careful sourcing, thoughtful cooking and an unwavering commitment to quality.

SOURCING IN SEASON

We prioritise British ingredients at their best for flavour, freshness and quality. We avoid air-freighted produce and work with suppliers who respect the land.

SWAPPING AT SCALE

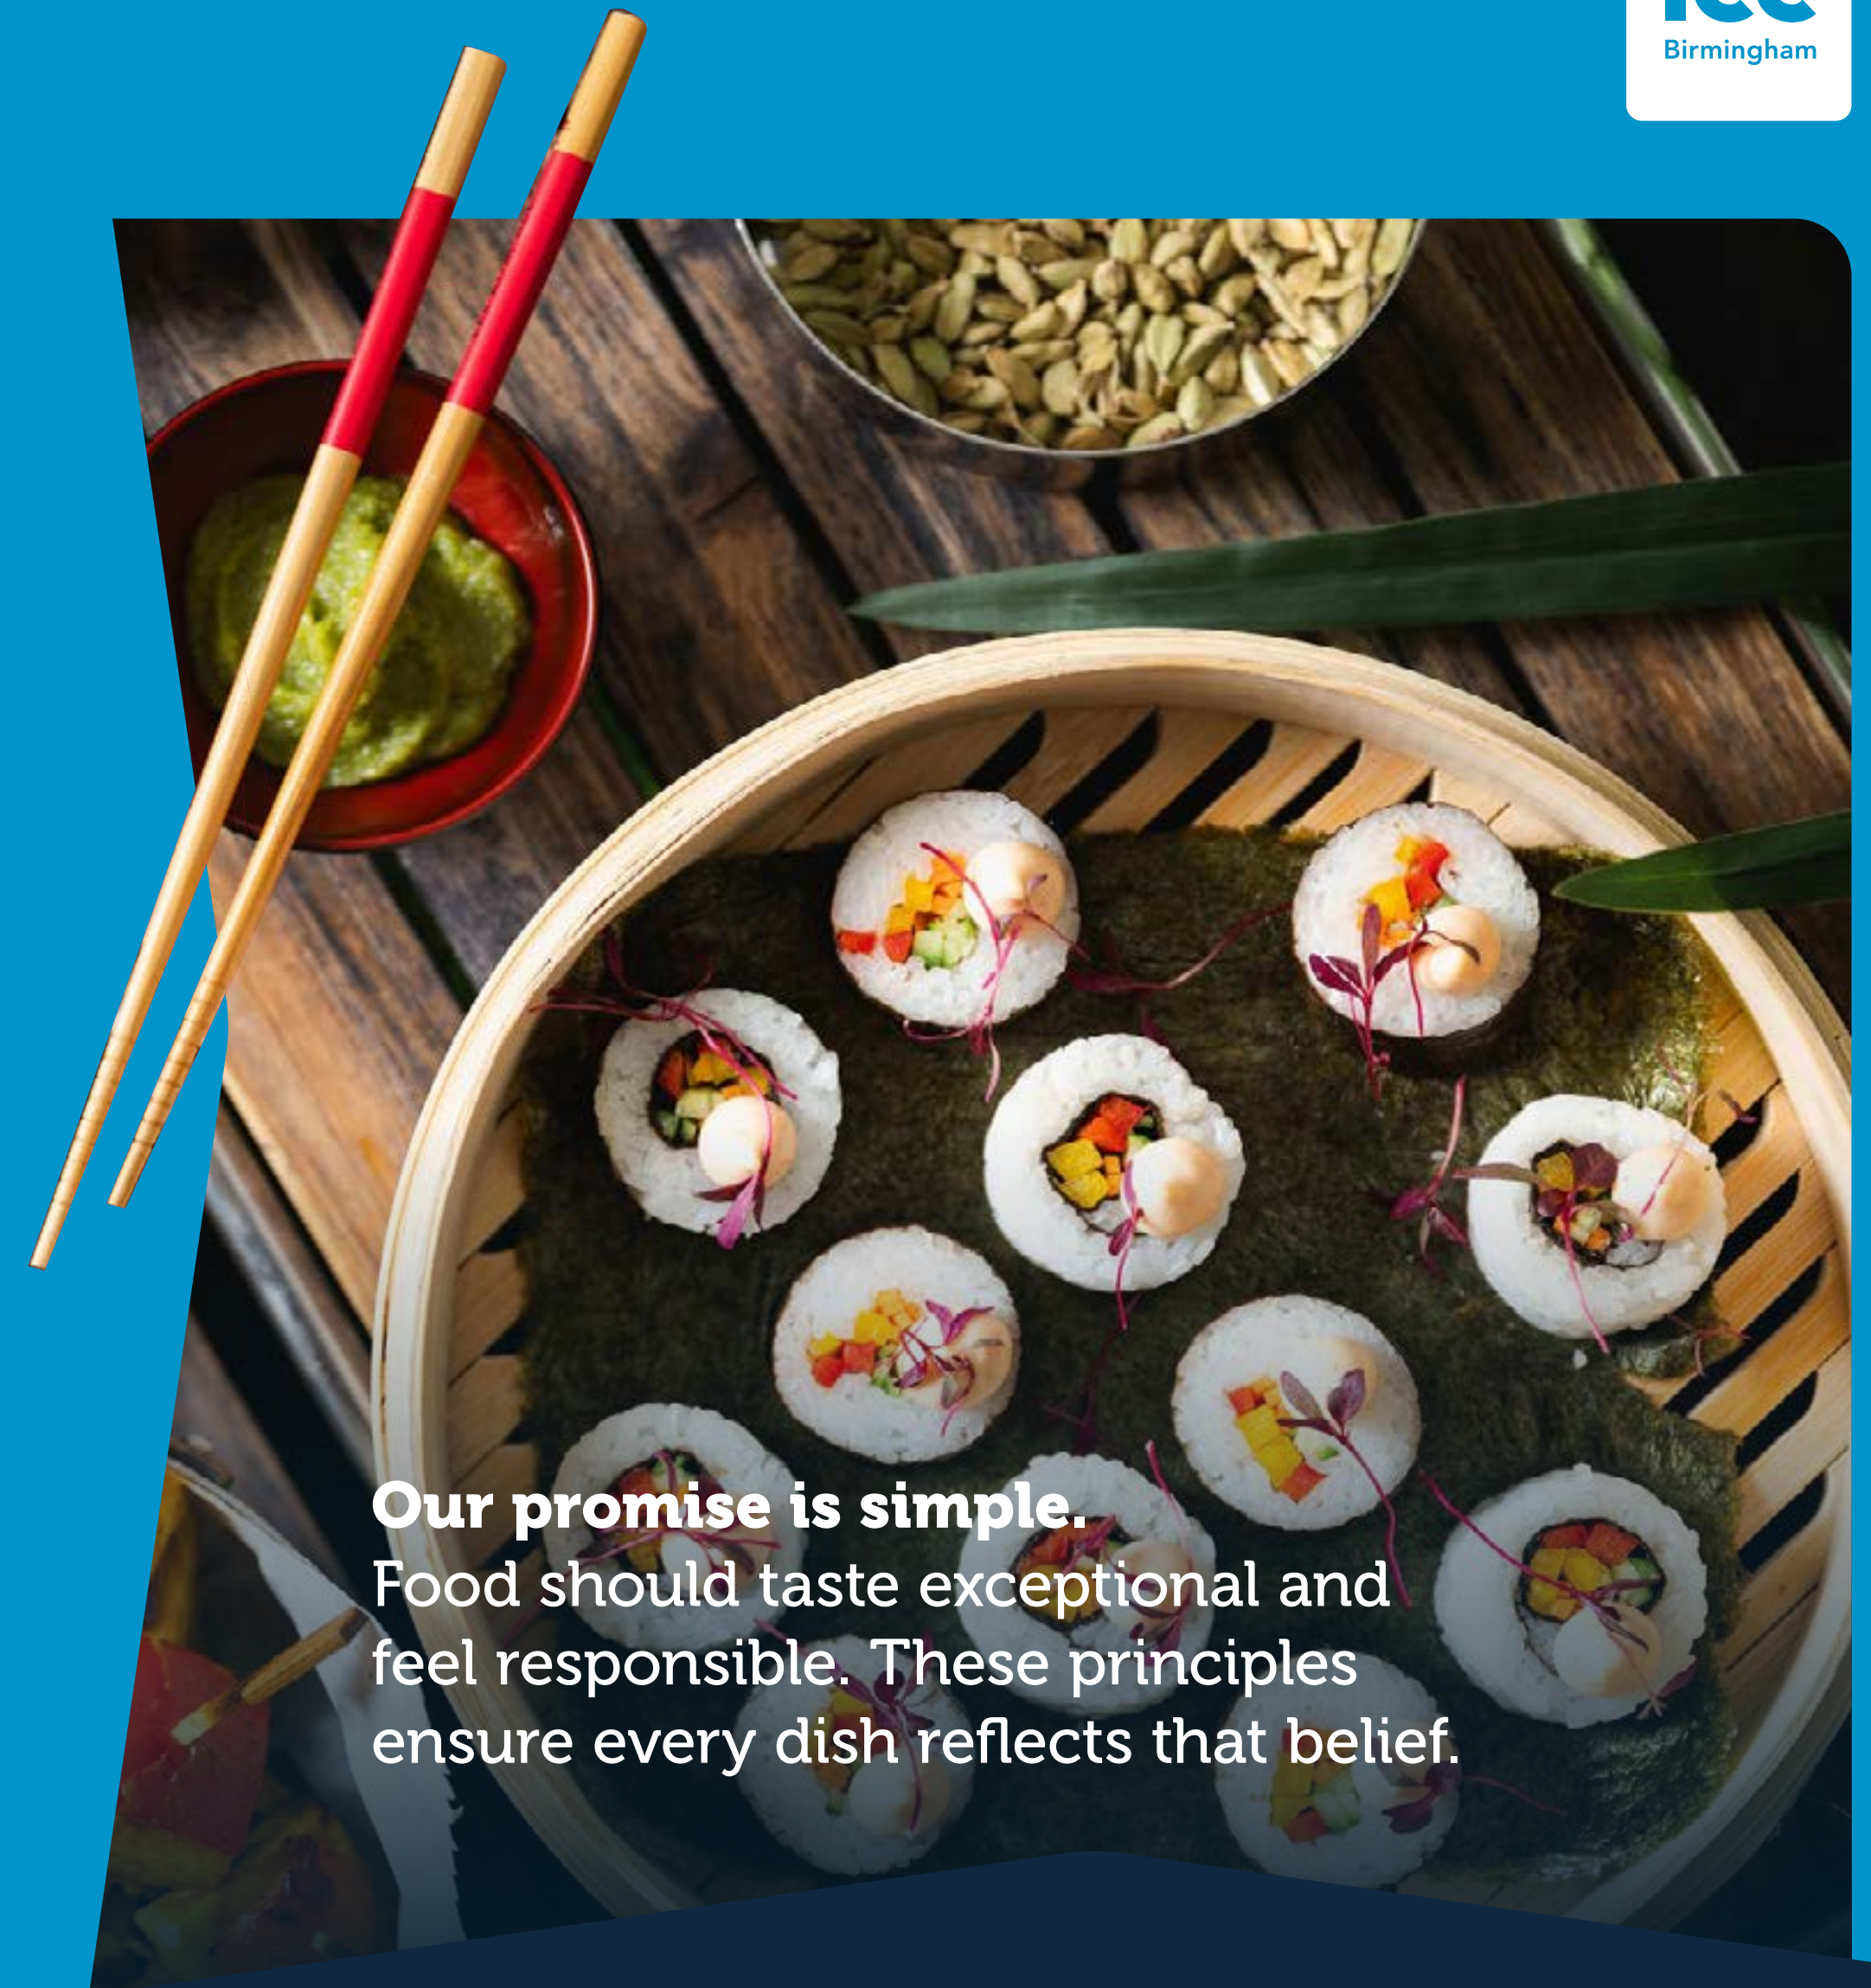

We create plant-led dishes and reduce reliance on high impact ingredients. Our menus balance flavour with a lighter footprint and support responsible sourcing.

AVOIDING SURPLUS

We cook with care and minimise waste through root to stem and nose to tail methods. We use recyclable and reusable materials wherever possible.

STIRRING THE POT

We explore new ideas, refine our techniques and innovate with plant-forward cooking. We also monitor the impact of our menus to help guide positive change.

Our promise is simple. Food should taste exceptional and feel responsible. These principles ensure every dish reflects that belief.
